SCHEDULE OF COURSES 2026-2027
Version 18/09/26

Requirements:

- **Complementos de Formación (CF) (Research methods I and Methods II)**: compulsory for first-year students that have not completed a MRes prior to the Ph.D. YOUR ADMISSION LETTER INDICATES WHETHER YOU NEED TO DO THEM AND WHICH ONES.
- **Actividades Formativas (Focused courses, AF)**: there are three types of AF.
- (1) offered by the Faculty of Business–CETIS programme[1] -; (2) offered by the University-International Ph.D. School- (indicated by AF EID); (3) offered by partners Deusto Business School and IQS.
- AF are short, focused courses (btw 10-30 hours). It is compulsory to do 6 CETIS AF during the PhD. To be allowed to proceed to the viva, you need to have completed 6 AF, excluding the compulsory ones offered by the EID (Investigación en Comillas). You can take AF several times, but a protracted course will only count as one AF towards the 6. The only exception is the AF Planteamiento de una tesis doctoral/Advances in Business and Management Research and International Serminar that can be taken every year and will count towards the 6 as its content changes yearly. **REMEMBER THAT IF YOU WANT TO DO AN AF OFFERED BY ANOTHER PROGRAMME YOU SHOULD FOLLOW THE NEW PROCEDURE. SEE GUIDE DOC AF. ENHANCE YOUR TRAINING**. This doc also explains how to enrol in the AF offered by Deusto/IQS and how to record these activities in your portfolio.

All AF elective except for

- **AF-Ética e Investigación/Ethics in Research and Critical Thinking**: compulsory for 1st-year students (exceptionally could be done in the second year, if the supervisor approves it).
- **AF EID Doctorado e Investigación Científica en Comillas**. Offered in Spanish and English. Compulsory for 1st-year students
- **AF EID AI in Research**. Organized by the EID is compulsory for 2nd year students.
    - Full-time students: compulsory to do 2 AF every year.
    - Part-time students: compulsory to attend at least 1 AF every year, except the first year where they must do the two compulsory AF mentioned above.

  This arrangement is flexible and if you do 3 AF one year, you can do only one the following year.

- **Seminarios de Investigación or Research seminars:** held twice a year following a multi-track conference format. **Each track is made equal to a research seminar.** From the second year onwards, students are required to present a paper (or part of a paper) based on their research. Concurrently, students will be asked to review other students' work. CANDIDATES HAVING SUBMITTED THE DISSERTATION FOR ASESSMENT (I.E. THE FIRST STAGE IN THE PROCESS-TO-DEFENCE) ARE EXEMPTED TO PRESENT OR PARTICIPATE IN THE RESEARCH SEMINARS.
